On December 27, 2017 at approximately 12:15 a.m. LVMPD patrol officers were dispatched to a residence located in the 5300 block of Holbrook Drive to investigate reports of a person who had been robbed and was bleeding. Arriving officers located two elderly victims, a man and a woman, inside of the residence who had been battered. Both victims were transported to UMC Trauma for treatment of non-life threatening injuries.

The investigation initiated by the LVMPD Spring Valley Area Command Patrol Investigations Section indicated that three suspects entered the residence by breaking a window and opening the front door. The suspects ransacked the first floor of the residence, then proceeded upstairs. Both victims were woken up when the suspects began to hit them on the head multiple times. One of the suspects had a knife in his hand and held it to the male victim's chest. Both victims were dragged down the stairs by the suspects.

One of the suspects located a Tesla vehicle inside of the garage and the male victim was dragged to that location to show them how to operate the car. The suspect started the vehicle and began to back out of the garage with the driver's door open, which hit the male victim causing him to fall to the ground. The suspects left the area with the victim's vehicle and an unknown amount of personal property.

The unoccupied vehicle was recovered later in the day by the North Las Vegas Police Department near the 2200 block of Travis Street.

The investigation indicated there had been a red Dodge Dakota pickup parked outside of the victim's residence just prior to the robbery. The vehicle was occupied by three black males, and the suspects could only be described as three black males.

Anyone with any information about this incident or any information about the identity or whereabouts of the suspects or the red Dodge Dakota, is urged to contact the LVMPD Spring Valley Area Command Patrol Investigations Section by phone at 702-828-2640, or by email at [SVAC@lvmpd.com](mailto:SVAC@lvmpd.com).
